

# CALL FOR PAPERS and POSTERS

**Alliance for Historic Landscape Preservation  
Albuquerque, New Mexico  
21 – 24 April 2010**

## *Enchanted Landscapes: Exploring Cultural Traditions and Values*

### *An Invitation*

The Alliance for Historic Landscape Preservation is excited to hold its 2010 annual meeting in **Albuquerque, New Mexico**. With its rich cultural and natural history, Albuquerque provides a stimulating array of cultural landscapes. The Program Committee of the Alliance once again invites proposals for presentations that will encourage lively discussions about cultural landscapes. Proposals for presentations that address the ideas of 'enchantment' and/or 'exploration' as applied to landscapes are especially welcome, but this should not discourage those wishing to address other landscape issues.

Proposals are invited for three (3) types of presentations:

- **Papers** : 20-25 minute papers addressing issues in landscape preservation theory, practice, or education
- **Summaries of Works-in-Progress** : 10-15 min. discussions of on-going projects
- **Posters** : graphic presentations of completed projects using appropriate illustrative techniques. (One or two panels each 24" by 36" are recommended but other sizes are acceptable.)

Because of time and space constraints, each person may submit no more than one proposal in each category, but proposals may be submitted for several types of presentation.

### *Submission Guidelines for each category*

#### *Papers*

Please submit an abstract of 500 words or less outlining the topic of the paper, its context within theory, practice, or education, its timeliness, principal findings or conclusions, and questions for discussion.

#### *Summaries of Works-in-Progress*

Please submit a proposal of 250 words or less outlining the work-in-progress, its context and potential significance, and questions for discussion.

#### *Posters*

Please submit a proposal of 250 words or less outlining the completed project, its context and significance, and questions for discussion.

All abstracts and proposals must be submitted electronically as e-mail attachments - these should be Microsoft Word documents and be arranged as follows:

- title page: this should note the type of presentation proposed, then give the title of the presentation, the author's name and complete mailing address, institution/firm affiliation, phone number and e-mail address; and,

- content page(s): this should note the type of presentation and the title, then provide an abstract or proposal within the word limits set out above - *please do not include your name or any identifying personal information on these pages.*

All proposals should be sent to **Ian Firth** at the following e-mail address: **ijwfirth@uga.edu**

***The deadline for all submissions is Friday, 12 February, 2010***

### ***The Selection Process***

Proposals will be evaluated by a panel through a blind review process. The program selection will be based on the following criteria (listed in order of importance):

- originality of content and approach
- likelihood of the topic stimulating interdisciplinary discussion, and
- relevance to the geographical theme of the meeting.

Those making a proposal will be notified of the decision of the panel by **Friday, 5 March 2010**.

All presenters must pre-register for the meeting. Those presenting posters are responsible for the transportation of their panels to and from the meeting. The Program Committee welcomes proposals from students and some scholarships are available for those whose proposals are accepted - interested students should refer to the Alliance website for application details.

Questions arising from this call for papers and posters may be e-mailed to **Ian Firth**.
